DESCRIPTION

The 17L Series High Torque Step Motors offer a great value without sacrificing quality. These motors were designed to offer the highest possible torque while minimizing vibration and audible noise. A board line of motor windings and stack lengths are available off-the-shelf, or the motors can be customized to fit your machine requirements. We can customize the winding to perfectly match your voltage, current, and maximum operating speed for maximum flexibility.

See [Accessories](#) on our website for optional motor adders such as encoders, cables, and connectors. Gearbox options can be found in [Gearboxes](#). See compatible drivers for the 17L Series: [MBC15081](#) and [MBC25081TB](#)
