

LRM17 Rod Actuators

FEATURES

- **49mm Square**
- **Push-Pull Actuator**
- **Max Load up to 170lb**
- **1.8° Step Angle**
- **Stroke Length up to 12in**
- **Multiple Lead Screw Options**

DESCRIPTION

The LRM17 Series is a Precision Rod Actuator with a maximum load capacity of 170Lbs. This rod actuator is powered by a linear step motor, boasts speeds up to 2in/s, and the stroke lengths up to 12in.

SPECIFICATIONS

Series #	Voltage (VDC)	Stroke Length (in)	Load Capacity (lb)	Screw Lead (in)	Rated Current (A)	Travel Per Step (in)	Weight (lb)
